

LOSPIEDO

SPECIFICS

Layout: Lo Spiedo consists of a downstairs dining room and bar area, an outdoor patio with seated capacity for 60 guests, and a second floor divided between a larger dining space and a glass-enclosed private dining room.

Capacity: Lo Spiedo offers three distinct venues: a **first floor semi-private dining room** with capacity for 26 seated/26 standing, a **second-floor semi-private dining room** with capacity for 55 seated/60 standing, and a **glass-enclosed private dining room** with capacity for 32 seated/32 standing. We also offer the option of renting our **entire second floor** by combining the 55-seat dining room and 32-seat private dining room for a total capacity of 85 seated or 100 standing. Lastly, the entire restaurant is also available for **full-buyouts** during both lunch and dinner service, seven days per week. Food and beverage minimums may apply and are subject to change.

Menu: Our private dining menus at Lo Spiedo are served communally in a family-style format to encourage interaction and maximize the variety in your menu. Please see page three for our lunch and dinner packages, and page five for our cocktail party packages. We do ask that you make all of your selections one week in advance of your event. We are happy to accommodate any dietary restrictions or allergies in your group; simply let us know ahead of time, and we will prepare alternate dishes for them should your selected menu not suit their individual needs.

Beverage Options: Lo Spiedo offers a variety of draft and bottled beers that rotate seasonally; wines on draft, by the glass, and by the bottle; as well as a thoughtfully curated list of spirits and signature cocktails. We recommend to charge upon consumption for any beverages consumed by your group, though we do offer bar packages on page six of this packet. Our menu pricing is inclusive of all non-alcoholic beverage options.
